Program Goals

Students will be provided the opportunity to maintain and develop their first language while simultaneously acquiring proficiency in a second language.

Students will demonstrate academic achievement at or above grade level as measured by formal and informal assessments.

Teachers will ensure student success in content knowledge and fluency in both languages.

A partnership between parents, teachers, and administration will create bilingual, biliterate, and bicultural students.

English Learners will meet reclassification criteria.

Judson Independent School District will recruit and retain highly qualified staff and provide sufficient resources to support program success.

Dual Language Vision Statement

The VISION of the Dual Language Program is to develop children into bilingual, biliterate, and bicultural students who are able to think critically and enjoy learning in two languages.

Judson Independent School District does not discriminate on the basis of race, sex, age, religion, color, national origin, or disability in providing education services, activities or programs. It is the intent and policy of this District to conduct its activities in compliance with all Federal and State laws

General Information:

To be bilingual is to have greater access to the world.
